Roycefield is a unique recreational gem in the town of Hillsborough. But it is special in another way. Because of the structure of Roycefield, **you directly share in the ownership of the club.** This investment grants you all of the privileges that Roycefield offers. We are not simply a non-profit entity that offers a service to subscribers, but rather, each and every owner shares in the present and future operations of the club.

As an owner, your stake in the club dates back to a process as old as the history of Roycefield. Back in 1962, when the swim club started, members had to post \$350. This was a fabulous amount of money then, equal to \$2250 in today's dollars. In fact, a lot of the owners had to take out loans to come up with the money. The early ownership knew such an amount would ensure families would be committed to the startup and ongoing success of the association.

Our club slogan "Built for Pleasure, not for Profit" testifies to the voluntary and inclusive nature of our association: a place to relax and have fun - a place where your participation really makes a difference.
